

Dear All Global ICS Fellows:

We are excited to launch a new International Museum of Surgical Science (IMSS) program entitled “*Global Perspectives on Health*”, whereby some nationals living in Chicago, who relate to another country, will be periodically featured in Museum evening programs. The first program, scheduled for April 14, 2025, features an ICS Fellow presentation by Professor Karel Novak who will highlight Czech contributions to surgery and health. Professor Novak will be visiting Chicago and is a distinguished ICS Fellow, currently is the ICS First World Vice President, and is currently President of the ICS Czech Republic Section. Should any recipient of this announcement have any Czech Republic colleagues living in Chicago, or visiting Chicago, we ask you to bring this program to their attention. Please see the following Program Flyer.

Sincerely,

Max Downham

Executive Director

International College of Surgeons

The International Museum of Surgical Science, a division of the International College of Surgeons, Presents:

Global Perspectives on Health

A Presentation by Professor Karel Novák
President, ICS Czech Republic Section

Join us for an evening of conversation and presentation led by Professor Karel Novák, the ICS First World Vice-President of the International College of Surgeons.

The evening's proceedings will explore the history of Czech contributions to health and surgery from the 14th century to present day, including the 2015 Jubilee World Congress of Surgery held between Prague and Pilsen.

Monday, April 14, 2025

Free with RSVP

Doors Open: 5:30pm

Presentation: 6:00pm

Reception: 7:00pm

Parking and direction information can be found here:
